

# Visitor Triage System

## 1) Login Page

1.1 User keys in user name and password here to log into system. This page has user control as Normal user and Administrator.

1.2 Main screen of Administrator.

### 1.3 Main screen of Normal user.

## 2) Main screen introduction (Normal User)

### 2.1. Record information of Visitor for patients

## 2.2. Record information of Visitor for other purposes

## 3) Function of Visitor Triage system – Visitor for Patient

### 3.1 Visitor for patient - Introduction

3.1.1 Current patient list. This drop down list will show all current patients in hospital with some details.

The screenshot shows the 'Visitors For Patients' section of the Visitor Triage Program. At the top left, it displays the date and time: Date : 21/10/2011 and Time : 17:17:01. On the right, there is a circular logo for 'ANG MO KIO HOSPITAL & POLyclinic'. The central text reads 'Visitors For Patients'. Below this, there is a search bar labeled 'Search Visitor By NRIC' with a 'Search' button and a note '(Click Search again for next record)'. To the left, there is a form with fields for 'Patient Name', 'NRIC', 'Ward', and 'Bed', all enclosed in a red box. To the right, there is a 'List Of Visitors' table with columns for 'Visitor's Name', 'NRIC', 'Contact No.', 'Temperature', 'Time', 'Symptom' (with a dropdown menu showing 'Cough', 'Fever', 'Feverish', and 'Rhinorrhea (Nasal Conges)'), and 'Countries Travelled To For The Past 2 Weeks' (with a dropdown menu showing 'Argentina', 'Australia', 'Britain', and 'Canada'). There is also a 'Remarks' text area and buttons for 'Delete', 'New Visitor', and 'Save Data'.

3.1.2 Visitor of patient list. This list will show all visitors to the selected patients in hospital.

Visitors For Patients

Date : 21/10/2011  
Time : 17:17:01

### Visitor Triage Program

Visitors For Patients

The screenshot shows the 'Visitor Triage Program' interface. At the top left, it displays the date and time: Date : 21/10/2011 and Time : 17:17:01. Below this is the title 'Visitor Triage Program' and 'Visitors For Patients'. On the right side, there is a circular logo for 'ANGKUTA HOSPITAL' with a red heart in the center. To the left of the logo is a search bar labeled 'Search Visitor By NRIC' with a 'Search' button and a note '(Click Search again for next record)'. On the left side of the main area, there is a form for entering visitor information: 'Patient Name' (dropdown), 'NRIC' (text input), 'Ward' (text input), 'Bed' (dropdown), 'Adm Date/Time' (dropdown), and 'Disc Date/Time' (dropdown). A red arrow points from the text 'List Of Visitors' to a large yellow rectangular area on the left side of the screen, which is highlighted with a red border. This yellow area represents the 'List Of Visitors' section. Below the input fields is a detailed form for a single visitor, including fields for 'Visitor's Name', 'NRIC', 'Contact No.', 'Temperature', 'Time', 'Symptom' (checkboxes for Cough, Fever, Feverish, Rhinorhea/Nasal Conge), 'Countries Travelled To For The Past 2 Weeks' (checkboxes for Argentina, Australia, Britain, Canada), and 'Other Countries' (text input). There is also a 'Remarks' section with a text area. At the bottom of this form are buttons for 'Delete', 'New Visitor', and 'Save Data'.

3.1.3 Visitor information record section.

Visitors For Patients

Date : 21/10/2011  
Time : 17:17:01

### Visitor Triage Program

Visitors For Patients

This screenshot is identical to the one above, showing the 'Visitor Triage Program' interface. It includes the date and time, the title, the logo, and the search bar. The left side features the same input fields for patient and visitor information. A red arrow points from the text 'List Of Visitors' to the large yellow 'List Of Visitors' section on the left, which is highlighted with a red border. The detailed visitor information form on the right is also highlighted with a red border. The bottom of the screen contains the 'Delete', 'New Visitor', and 'Save Data' buttons.

### 3.1.4 Search visitor visit records from system.

(Click Search again for next record)

4.1.3 Click Save Data button to save record.

4.1.4 System will ask to confirm save record.

4.1.5 Informed as record saved.

## 4.2 Search for visitor record

4.2.1 Key in visitor's NRIC in search box, then click search button.

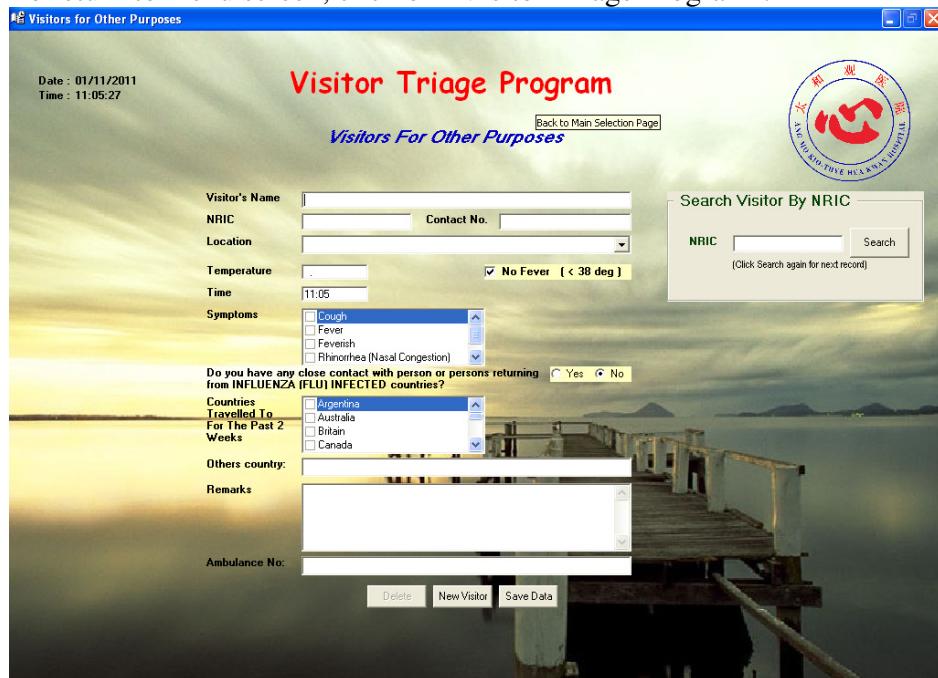

The screenshot shows the 'Visitor Triage Program' interface. At the top left, it displays 'Date : 24/10/2011' and 'Time : 09:40:56'. The main title 'Visitor Triage Program' is centered above a logo. Below the title, there is a sub-header 'Visitors For Other Purposes'. On the left side of the form, there are input fields for 'Visitor's Name', 'NRIC', 'Contact No.', 'Location', 'Temperature' (set to 09:40), 'Time' (set to 09:40), 'Symptoms' (with 'Cough' checked), and other details like 'Countries Travelled To' (Argentina, Australia, Britain, Canada) and 'Remarks'. On the right side, there is a 'Search Visitor By NRIC' panel with an input field containing 'S22558825' and a 'Search' button. A red oval highlights the 'Search' button. Below the search panel, a note says '(Click Search again for next record)'.

4.2.2 Record that match with NRIC will be shown. Click search button again will search for next matched record.

This screenshot shows the same 'Visitor Triage Program' interface after a search has been performed. The 'NRIC' field now contains 'S22558825'. The 'Search' button is highlighted with a red oval. The rest of the interface remains largely the same, with the 'Search Visitor By NRIC' panel showing the result of the search.

#### 4.3 Return to Main Screen

To return to menu screen, click on “Visitor Triage Program”.

#### 5) Exit from Visitor Triage system

Click “Exit Program” to exit from the system.
